# Bathtubs

---

The bathtub is a part of people's lives since ancient times. Taking a warm bath has always been an enjoyment and a relaxing experience.

Deluxe Aquatic's bathtubs come in many different dimensions and shapes. There is one for every home and every taste.

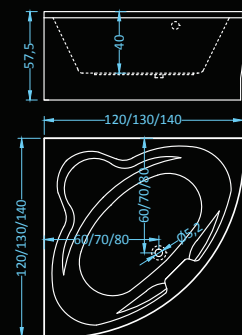

Dimensions: 120x120 • 130x130 • 140x140 cm  
Water capacity: 168 • 180 • 228 l

bathtub | bathtub with panel

The curved lines of Luna suit any need for corner bathtub. It is available in 3 dimensions. It is possible to install a massage system and to add a compatible shower screen.

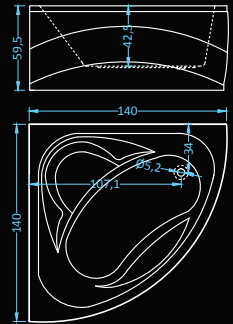

## Aurora 140

bathtub | bathtub with panel

Water capacity: 243 l

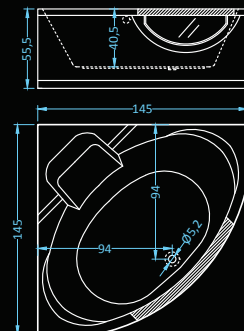

## Vitro

bathtub with panel

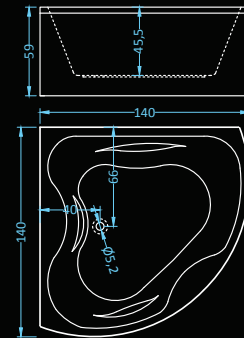

Dimensions: 145x145 cm  
Water capacity: 250 l

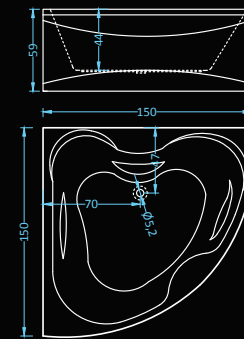

Dimensions: 140x140 cm  
Water capacity: 384 l

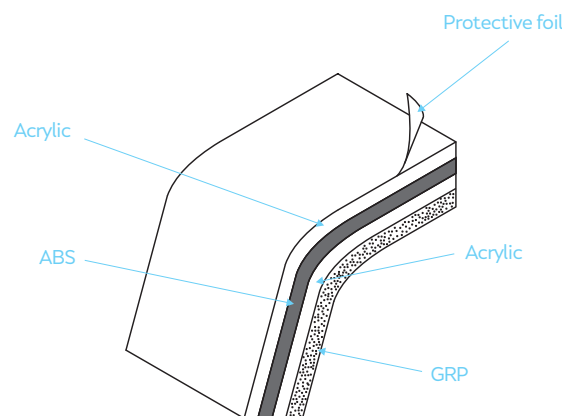

Dimensions: 150x150 cm  
Water capacity: 384 l

### What is inside?

Each Deluxe Aquatic bathtub is made of highest quality sanitary grade sheets. The sheets are made in 3 layers: Acrylic (PMMA) for glossy and smooth top finish, ABS for resistance and elasticity and one more bottom layer of Acrylic (PMMA) for good adhesion with the GRP.

Glass Reinforced Polyester (GRP) is applied at the bottom of the vacuumed sheet and this is what gives the Deluxe Aquatic bathtub its durability and strength. The bottom of each bathtub is further strengthened for extra stability.

### What about bathtub with a panel?

A bathtub with a panel is an easy to install system which removes the need for building a wall with tiles around the bathtub.

Deluxe Aquatic specially designed zinc-coated steel frame and a Acrylic/ABS panel cover comes along with the bathtub. No need for dirty work, just seal the bathtub and you can enjoy it.

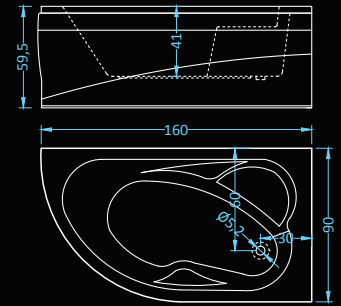

# Serena

bathtub | bathtub with panel left right

Dimensions: 160x90 cm  
Water capacity: 204 l

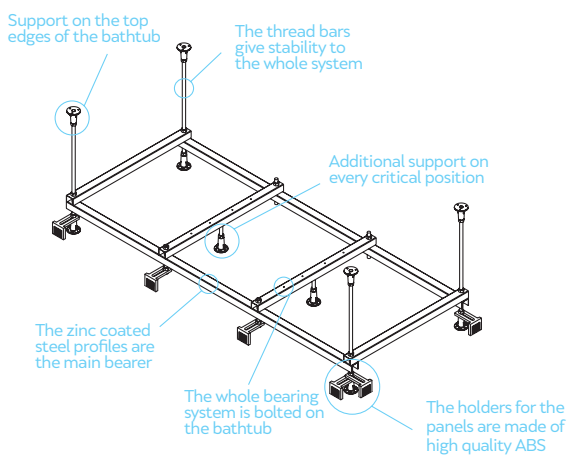

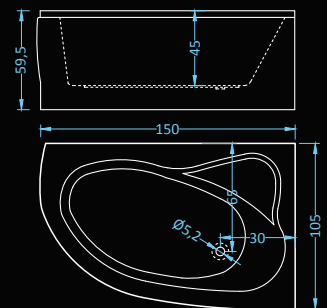

# Adria

bathtub | bathtub with panel left right

Dimensions: 150x105 cm
